

### XPC

The XPC cooling vest is Berry Amendment compliant, provides extra padding at the shoulders and includes adjustable zippered panels enabling users from size small to 3XL to use the vest.

### STANDARD MESH

The Standard Mesh cooling vest is one of the lightest cooling vests on the market making it comfortable to wear under clothing and while sitting down. It is fully adjustable at the shoulders and waist to fit users from size small to 2XL.

### STANDARD CARBON X

Standard CarbonX Cooling Vests are best for combatting heat stress in electrical and fire hazard environments where flammability protection is required. CarbonX material is flame retardant.

### STANDARD BASIC

The Standard Basic vest has a two-piece, over-the-shoulder design that makes it extremely comfortable when worn under other garments or when sitting.
